1. Basis of presentation

General information

The unaudited consolidated financial statements for the six months ended June 30, 2019, of the Group have been prepared in accordance with International Accounting Standard 34, "Interim Financial Reporting". The accounting policies used to prepare the unaudited consolidated financial statements comply with International Financial Reporting Standards (IFRS) and are consistent with those set out in the notes to the consolidated financial statements in the Annual Report 2018 of the Group, except for the adoption of new accounting standards and amendments as set out in note 2.

The accounting policies applied by the reportable segments are the same as those applied by the Group. The Group accounts for inter-segment revenues and transfers as if the transactions were with third parties at current market prices. Dividends, realized capital gains and losses as well as gains and losses on the transfer of net assets are eliminated within the segment, whereas all other intercompany gains and losses are eliminated at Group level. In the unaudited consolidated financial statements, inter-segment revenues and transfers are eliminated.

The unaudited consolidated financial statements for the six months ended June 30, 2019, should be read in conjunction with the Group's Annual Report 2018.

Certain amounts recorded in the unaudited consolidated financial statements reflect estimates and assumptions made by management about insurance liability reserves, investment valuations, interest rates and other factors. Actual results may differ from the estimates and assumptions made. Interim results are not necessarily indicative of full-year results.

All amounts in the unaudited consolidated financial statements, unless otherwise stated, are shown in U.S. dollars, rounded to the nearest million with the consequence that the rounded amounts may not add to the rounded total in all cases. All ratios and variances are calculated using the underlying amounts rather than the rounded amounts.

Table 1 summarizes the principal exchange rates used for translation purposes. Net gains/(losses) on foreign currency transactions included in the consolidated income statements were USD (43) million and USD 39 million for the six months ended June 30, 2019 and 2018, respectively. Foreign currency exchange forward and swap gains/(losses) included in these amounts were USD (13) million and USD 10 million for the six months ended June 30, 2019 and 2018, respectively. The functional currencies of the Group's entities in Venezuela have been changed from bolivar fuerte (VEF) to U.S. dollars (USD) as of January 1, 2018, to reflect the currency in which the Venezuelan business mainly operates. A cumulative foreign currency translation adjustment loss of USD 258 million was recognized upon closure of the sale of the Group's Venezuelan operations (see note 3).

2. New accounting standards and amendments to published accounting standards

Standards, amendments and interpretations effective or early-adopted as of January 1, 2019 and relevant for the Group's operations

Table 2.1 shows new accounting standards or amendments to and interpretations of standards relevant to the Group that have been implemented for the financial year beginning January 1, 2019. The impact of applying IFRS 16 'Leases' is disclosed below, the other standards/interpretation have no material impact on the Group's financial position or performance and are applied prospectively to transactions occurring in the current financial year.

IFRS 16 'Leases'

IFRS 16 introduces new requirements for lease accounting which have an impact on contracts where the Group acts as a lessee (and intermediate lessor). Under IFRS 16, the Group recognizes a right-of-use asset and a lease liability predominantly for real estate rental contracts which were mainly classified as operating leases under IAS 17 'Leases'.

The Group adopted IFRS 16 on January 1, 2019. As permitted by the transitional provisions of IFRS 16, the Group elected to apply the modified retrospective approach and has not restated comparative figures. The adoption of IFRS 16 resulted in an increase in total assets of USD 1.4 billion and total liabilities of USD 1.5 billion. The cumulative effect of USD 125 million net of tax resulting from the measurement of the right-of-use assets on a retrospective basis was recognized as a decrease in opening retained earnings.

The lease liabilities are measured at the present value of the remaining lease payments over the lease, discounted using the Group's incremental borrowing rate as the rate implicit in the lease is generally not readily determinable. For leases previously classified as a finance lease, the carrying amounts were not adjusted on transition to IFRS 16.

The Group applied the following practical expedients permitted on transition to IFRS 16 that were previously classified as operating leases:

- ▶ No reassessment whether a contract is, or contains a lease;
- ▶ Reliance on previous assessment on whether a lease contract is onerous;
- ▶ Not applying IFRS 16 for operating leases with a remaining lease term of less than 12 months as at January 1, 2019;
- ▶ The exclusion of initial direct costs for the measurement of the right-of-use asset;
- ▶ The use of hindsight in assessing whether the Group is reasonably certain to exercise an option to extend or terminate a lease.

The Table 2.2 reconciles the operating lease obligations as of December 31, 2018 to the opening lease liabilities recognized as of January 1, 2019:

Right-of-use assets are presented in 'Property and equipment' and lease liabilities in 'Other liabilities'. Finance lease receivables are included in 'Other loans'. For the six months ended June 30, depreciation expense for right-of-use assets included in 'Administrative and other operating expense' amounted to USD 99 million and interest expense on lease liabilities included in 'Interest credited to policyholders and other interest' amounted to USD 22 million. The impact resulting from the change in accounting policy on the Group's consolidated balance sheet as of January 1, 2019 is summarized in Table 2.3:

| Other Liabilities ¹ | (1,532) |
| Deferred Tax Liabilities | 5 |
| Retained earnings | 125 |

¹ Includes derecognition of onerous lease provisions amounted to USD 71 million.

The Group recognizes a right-of-use asset and a corresponding lease liability at the lease commencement date when the leased asset is available for use by the Group. The lease liability is measured at the present value of the lease payments due over the lease term, discounted using the Group's incremental borrowing rate. Any options to extend or terminate a lease that the Group is reasonably certain to exercise are included in the lease term. The right-of-use asset is initially recognized at an amount equal to the lease liability adjusted for lease prepayments made or lease incentives received, initial direct costs and any estimated costs to dismantle or restore the leased asset.

The right-of-use asset is depreciated over the shorter of the leased asset's useful life or the lease term on a straight-line basis. The carrying amount of the lease liability is increased to reflect the unwinding of the discount so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period and is reduced by the lease payments made during the period. Lease payments include fixed payments and variable payments that depend on a non-leveraged index or a rate.

The Group records short-term leases and leases of low-value assets as an expense on a straight-line basis over the lease term. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise hardware and smaller office equipment.

For finance leases where the Group acts as a lessor or intermediate lessor, a receivable at an amount equal to the sum of the lease payments plus any unguaranteed residual asset discounted using the interest rate implicit in the lease (or the discount rate used for the head lease where the Group is an intermediate lessor) is recognized. The carrying amount of the lease receivable is increased to reflect the interest income and is reduced to reflect the lease payments received during the period.

IFRS 17 'Insurance contracts' and IFRS 9 'Financial Instruments'

IFRS 17 'Insurance contracts' provides comprehensive guidance on accounting for insurance contracts and investment contracts with discretionary participation features and is expected to have a significant impact on accounting for insurance contracts and presentation of the insurance revenue and insurance service result. IFRS 9 'Financial Instruments' introduces a classification and measurement concept for financial assets that is based on the contractual cash flow characteristics and the holding intent. Furthermore, IFRS 9 introduces a requirement to recognize expected credit losses for financial assets carried at amortized cost or at fair value, with changes in fair value recognized in other comprehensive income (OCI). The Group decided to defer the full implementation of IFRS 9 until IFRS 17 becomes effective to better align the measurement approaches for the financial assets held and the insurance liabilities where appropriate. The Group presents additional disclosures of indicative effects from adoption of IFRS 9 required by IFRS 4 'Applying IFRS 9 with IFRS 4' during the period of deferral (see note 24 of the Annual Report 2018).

On June 27, 2019, the International Accounting Standards Board (IASB) published an exposure draft proposing limited amendments to IFRS 17, including an extension of the effective date of IFRS 17 and IFRS 9 by one year to January 1, 2022. The Group continues to assess the impact of the application of both IFRS 17 and IFRS 9 as well as the impact of the limited amendments on the implementation to date. At the date of publication of these unaudited consolidated financial statements, it was not practicable to quantify what the potential impact on the Group consolidated financial statements will be once these standards are adopted.

Other standards, amendments and interpretations shown in table 2.4 are expected to have no or only an insignificant impact on the Group's financial position or performance.

3. Acquisitions and divestments

Transactions in 2019

Acquisitions OnePath

On December 11, 2017, the Group announced that it had entered into an agreement to acquire 100 percent of the Australian life insurance and consumer credit businesses (OnePath Life and OnePath General Insurance) of Australia and New Zealand Banking Group Limited (ANZ). In order to gain early exposure to a portion of OnePath Life's earnings, the Group entered into a quota share agreement to reinsure the existing death, disability and critical illness business of OnePath Life as of May 1, 2018 for an upfront commission payment of USD 754 million. On May 31, 2019, the Group finalized its acquisition of OnePath for USD 1.5 billion, subject to purchase price adjustments. As part of the transaction, Zurich will enter into a 20-year distribution agreement with ANZ in Australia to distribute life insurance products through its bank channels.

Table 3.1 shows the main preliminary balance sheet line items as of the acquisition date, representing the fair value of the acquired OnePath Life and OnePath General Insurance companies' net tangible assets acquired and draft intangible assets including goodwill.

¹ As of June 30, 2019, the assets and liabilities of OnePath are recognized at acquisition date, May 31, 2019. The Group is currently in the process of assessing preliminary purchase price adjustments.

OnePath's pro-forma gross written premiums and net income after taxes for the six months ended June 30, 2019, were approximately USD 582 million and USD 29 million respectively. In addition, the Group generated net income after taxes of USD 10 million for the respective period on its existing reinsurance agreement with OnePath Life. Pro-forma net income was adjusted for transaction-related costs incurred by OnePath Life. The Group incurred transaction-related costs of approximately USD 26 million which were recognized in non-technical expenses in BOP, the majority of which were incurred in 2019.

Divestments

Venezuelan Operations

On May 24, 2019, the Group completed the sale of its 69 percent participation in Zurich Seguros, S.A. The Group has recorded a pre-tax loss of USD 260 million, of which USD 258 million results from negative currency translation adjustments, in the statement of income upon completion of the sale.

ADAC Autoversicherung AG and Bonnfinanz AG

On January 1, 2019, the Group completed the sale of its 51 percent participation in ADAC Autoversicherung AG and on April 2, 2019, the Group completed the sale of Bonnfinanz AG, with pre-tax gains of USD 21 million and USD 38 million, respectively, recorded within net gains/(losses) on divestment of businesses.

Transactions in 2018

Acquisitions

Blue Insurance

On October 3, 2018, Cover-More Australia Pty Ltd, a fully owned subsidiary of Zurich Insurance Company Ltd, completed the acquisition of Blue Insurance Ltd (Blue Insurance), an Irish-domiciled insurance intermediary acquired for approximately USD 64 million, subject to performance adjustments. Based on purchase price accounting, goodwill amounted to USD 37 million, including a USD 2 million increase in goodwill from post-acquisition adjustments in 2019.

Adira Insurance

On September 27, 2018, Zurich Insurance Group entered into agreements to acquire 80 percent of PT Asuransi Adira Dinamika (Adira Insurance) from PT Bank Danamon Indonesia (Bank Danamon) and a minority investor for approximately USD 414 million, with potential future incremental payments based on business performance. The transaction includes two separate long-term strategic cooperation agreements with Bank Danamon and PT Adira Dinamika Multi Finance TbK. The transaction is expected to close in the second half of 2019, subject to regulatory approval.

EuroAmerica portfolio in Chile

On April 20, 2018, the Group announced it had entered into an agreement to acquire the individual and group life insurance portfolios as well as the long-term savings operations of EuroAmerica in Chile. The Group finalized the acquisition on November 5, 2018, for an estimated aggregate price of USD 144 million, subject to purchase price adjustments. Based on purchase price accounting, goodwill amounted to USD 85 million, including a USD 17 million reduction of goodwill in 2019 from post-acquisition adjustments.

Travel Ace and Universal Assistance

On March 12, 2018, the Group announced the acquisition of Travel Ace and Universal Assistance, the leading providers of traveler assistance in Latin America, for approximately USD 82 million. The transaction encompassed 19 legal entities operating throughout Latin America, most notably in Argentina, Brazil, Chile, Colombia and Mexico. Based on purchase price accounting, goodwill amounted to USD 94 million.

QBE Latin America

On February 24, 2018, the Group entered into an agreement to acquire the Latin American operations of the Australian insurer QBE Insurance Group Limited (QBE) with operations in Argentina, Brazil, Colombia, Ecuador and Mexico, subject to purchase price adjustments. On July 2, 2018, the acquisitions of Argentina and Brazil were closed for an amount of USD 196 million and USD 27 million, respectively. The acquisitions of Mexico and Ecuador were closed on August 31, 2018 and October 1, 2018, for an amount of USD 32 million and USD 52 million, respectively. The acquisition of Colombia was completed on February 1, 2019, for an amount of USD 18 million.

QBE Latin America's net income after taxes for the months since the acquisition dates, as included in the Group consolidated income statements for the year ended December 31, 2018, amounts to USD 3 million including transaction-related costs. Pro-forma net income after taxes for the full 12 months ended December 31, 2018, amounts to approximately USD 21 million, adjusted for transaction-related costs incurred by QBE Latin America. In addition, the Group incurred transaction-related costs of approximately USD 9 million in non-technical expenses in BOP. The majority has been incurred in 2018.

Divestments

Held for sale

On December 14, 2018, Zurich Insurance plc entered into an agreement with Catalina Holdings (Bermuda) Ltd and certain of its subsidiaries to transfer a portfolio of pre-2007 United Kingdom legacy employers' liability policies to Catalina London Limited, subject to regulatory and court approvals. The sale is expected to close in 2020. As of June 30, 2019, assets and liabilities reclassified to held for sale were USD 1.8 billion.

During the 12 months ended December 31, 2017, the Group entered into an agreement to sell a Life business in the UK. As of June 30, 2019, the related assets and liabilities held for sale were USD 27 billion.

As of June 30, 2019, the total assets and liabilities reclassified to held for sale were USD 28 billion.

UK workplace pensions and savings business

On April 3, 2018, Sterling ISA Managers Limited completed the sale of its Corporate Savings Platform together with the associated infrastructure, assets and business to LBG subsidiary, Scottish Widows Administration Services Limited. On July 1, 2019, the remaining business was transferred by Zurich Assurance Ltd to Scottish Widows Limited by a UK court process under Part VII of the Financial Services and Markets Act 2000.

Endsleigh Limited

On March 29, 2018, the Group completed the sale of the Endsleigh Limited group of companies to A-Plan Holdings. A pre-tax loss of USD 116 million has been recorded within net gains/losses on divestment of businesses, of which USD 97 million were recognized in December 2017 at the time the sale was announced.

4. Group investments

Group investments are those for which the Group bears part or all of the investment risk. They also include investments related to investment contracts with discretionary participation features. Net investment result on Group investments includes returns on investment-related cash, which is included in cash and cash equivalents on the consolidated balance sheets.

¹ The Group's counterparties had the right to sell or repledge, in the absence of default, assets pledged as collateral with a fair value of USD 539 million and USD 599 million

The Group's counterparties had the right to sell or repledge, in the absence of default, assets pledged as collateral with a fair value of USD 588 million and USD 629 million as of June 30, 2019 and December 31, 2018, respectively. The majority of these assets were debt securities.

The Group had the right to sell or repledge, in the absence of default by its counterparties, securities received as collateral with a fair value of USD 588 million and USD 629 million as of June 30, 2019 and December 31, 2018, respectively.

The Group's counterparties had the right to sell or repledge, in the absence of default, assets pledged as collateral with a fair value of USD 345 million and USD 609 million and USD 609 million and USD 609 million and USD 609 million are of June 30, 2010 and December 31, 2018, respectively.

Under the terms of securities lending or repurchase agreements, the Group retains substantially all the risks and rewards of ownership of the transferred securities, and also retains contractual rights to the cash flows from these securities. These securities are therefore not derecognized from the Group's consolidated balance sheet. Cash received as collateral is recorded as an asset, and a corresponding liability is established. Interest expense is charged to income using the effective interest rate method over the life of the agreement.

Under a reverse repurchase agreement, the securities received are not recognized on the Group's consolidated balance sheet, as long as the risk and rewards of ownership have not been transferred to the Group. The cash delivered by the Group is derecognized and a corresponding receivable is recorded within receivables and other assets. Interest income is recognized in income using the effective interest rate method over the life of the agreement.

as of June 30, 2019 and December 31, 2018, respectively. The majority of these assets were debt securities.

4 The Group had the right to sell or repledge, in the absence of default by its counterparties, securities received as collateral with a fair value of nil as of June 30, 2019 and

¹ The 2019 net movement is mainly related to the acquisition of a portfolio in QBE Colombia for USD 101 million. The net figure for 2018 includes retroactive reinsurance agreements for certain portfolios in Germany and Australia which resulted in a decrease of USD 709 million, a sale of a portfolio in Brazil of USD 61 million and the acquisition of Travel Ace and Universal Assistance of USD 25 million (see note 3).

The Group establishes loss reserves, which are estimates of future payments of reported and unreported claims for losses and related expenses, with respect to insured events that have occurred. Reserving is a complex process dealing with uncertainty, requiring the use of informed estimates and judgments. Any changes in estimates or judgments are reflected in the results of operations in the period in which estimates and judgments are changed.

Significant delays may occur in the notification and settlement of claims, and a substantial measure of experience and judgment is involved in assessing outstanding liabilities, the ultimate cost of which cannot be known with certainty as of the balance sheet date. The reserves for losses and loss adjustment expenses are determined on the basis of the information available. However, it is inherent in the nature of the business written that the ultimate liabilities may vary as a result of subsequent developments.

The decrease of USD 540 million during the first six months of 2019 in net reserves for losses and loss adjustment expenses is mainly driven by a decrease in North America Commercial due to higher reinsurance cessions in Property and Liability. Net favorable reserves development from reserves established in prior years amounted to USD 200 million. The main reductions were in North America and Europe Middle East & Africa (EMEA). In addition, the Group entered into a retroactive reinsurance agreement for a UK portfolio which resulted in a decrease of USD 1.7 billion, as this portfolio was reclassified held for sale for USD 1.6 billion.

The decrease of USD 2 billion during the first six months of 2018 in net reserves for losses and loss adjustment expenses is mainly driven by a decrease of USD 774 million due to foreign currency translation effects. In addition, the Group entered into retroactive reinsurance agreements for certain portfolios in Germany and Australia, which resulted in a decrease of USD 709 million. Net favorable reserves development from reserves established in prior years amounted to USD 390 million. The main reductions were in North America, Europe Middle East & Africa (EMEA) and Non-Core Businesses.

In May 2018, the Group entered into a quota share reinsurance agreement with OnePath and made an upfront commission payment of USD 754 million.
 The 2019 movement in Life is related to the elimination of the internal reinsurance agreement on consolidation of OnePath (see note 3). The 2018 Property & Casualty movement of USD 8 million is related to the sale of Endsleigh Limited and the other businesses movement of USD 15 million is related to the sale of a portfolio in Singapore.

¹ Amortization of distribution agreements is included within underwriting and policy acquisition costs.

As of June 30, 2019, intangible assets related to non-controlling interests were USD 59 million for present value of future profits (PVFP) of acquired insurance contracts, USD 1 billion for distribution agreements, USD 8 million for software, USD 8 million for goodwill and USD 4 million for other intangible assets.

As a result of the acquisition of the OnePath goodwill increased by USD 385 million. The acquisition of QBE Colombia increased goodwill by USD 23 million (see note 3). As a result of the post-acquisition adjustments intangible assets decreased by USD 12 million, mainly due to goodwill reduction in EuroAmerica in Chile.

¹ Amortization of distribution agreements is included within underwriting and policy acquisition costs.

As of June 30, 2018, intangible assets related to non-controlling interests were USD 69 million for present value of future profits (PVFP) of acquired insurance contracts, USD 1.1 billion for distribution agreements and USD 12 million for software.

As a result of the acquisition of Travel Ace and Universal Assistance intangible assets increased by USD 115 million, of which USD 80 million is goodwill and USD 35 million is distribution agreements, software and other intangible assets. As a result of the acquisition of Bright Box intangible assets increased by USD 77 million, of which USD 52 million is related to goodwill and USD 25 million to software. The remaining minus USD 16 million relates to a post-acquisition adjustment of Cover-More.

Table 10.2 sets out the factors that cause the actual income tax expense to differ from the expected expense computed by applying the Swiss statutory tax rate, which is the rate applicable in the jurisdiction where the ultimate parent company is resident. Following recent changes in the Swiss tax legislation, the applicable Swiss statutory tax rate has been revised to 21.0 percent for 2019 from 22.0 percent in 2018.

The Group is required to record taxes on policyholder earnings for life insurance policyholders in certain jurisdictions. Accordingly, the income tax expense or benefit attributable to these life insurance policyholder earnings is included in income tax expense. In certain jurisdictions an accrual for future policy fees that will cover the tax charge is included in insurance benefits and losses.

Taxes paid by certain of the Group's life insurance businesses are based on the investment result less allowable expenses. To the extent these taxes exceed the amount that would have been payable in relation to the shareholders' share of taxable profits, it is normal practice for certain of the Group's businesses to recover this portion from policyholders. While the relevant company has the contractual right to charge policyholders for the taxes attributable to their share of the investment result less expenses, the obligation to pay the tax authority rests with the company and therefore, the full amount of tax including the portion attributable to policyholders is accounted for as income tax. Income tax expense therefore includes an element attributable to policyholders.

Issued under the Group's Euro Medium Term Note Programme (EMTN Programme).
 The Group applied the fair value hedge methodology either partially or in full to hedge the interest rate exposure.
 These bonds are part of a qualifying net investment hedge to hedge the foreign currency exposure.

12. Commitments and contingencies, legal proceedings and regulatory investigations

The Group has provided contractual commitments and financial guarantees to external parties, associates and joint ventures as well as partnerships. These arrangements include commitments under certain conditions to make liquidity advances to cover default principal and interest payments, make capital contributions or provide equity financing.

- ³ Movement is related to the acquisition of OnePath in May 2019 (see note 3).

Legal, compliance and regulatory developments

In recent years there has been an increase in the number of legislative initiatives that require information gathering and tax reporting regarding the Group's customers and their contracts, including the U.S. Foreign Account Tax Compliance Act (FATCA) and the expected introduction of other automatic tax information exchange regimes based on the Common Reporting Standard (CRS). The Group's compliance activities in this area could result in higher compliance costs, remedial actions and other related expenses for its life insurance, savings and pension business. There has also been increased scrutiny by various tax and law enforcement officials regarding cross-border business activities, including in particular by U.S. government authorities looking into activities of U.S. taxpayers with investments held outside the U.S. and activities of non-U.S. financial institutions that hold such investments.

The Group, on its own initiative, undertook an internal review of the life insurance, savings and pension business sold by its non-U.S. operating companies with relevant cross-border business to customers with a nexus to the U.S. The Group engaged outside counsel and other advisors to assist in this review, which was focused on assessing compliance with relevant U.S. tax laws. The review confirmed that the Group's cross-border business with U.S. persons was very limited and of a legacy nature, with the large majority of sales having occurred more than a decade ago. The review also confirmed that the Group's U.S. operating companies were not involved in or connected to those activities.

The Group voluntarily disclosed the results of the review and the regulatory issues presented by sales to U.S. residents to the Swiss Financial Market Supervisory Authority (FINMA), the U.S. Department of Justice (DOJ) and other authorities. The Group is cooperating with these authorities.

On April 25, 2019, the DOJ announced that Zurich Life Insurance Company Ltd (ZLIC) and Zurich International Life Limited (ZILL) entered into a non-prosecution agreement (NPA) with the DOJ, which memorializes the DOJ's decision not to prosecute these entities for any U.S. tax-related offenses in connection with legacy cross-border sales to U.S. persons. Under the terms of the NPA, ZLIC and ZILL have agreed to pay USD 5 million to the U.S. Treasury and to comply with certain specified conditions during the four-year term of the NPA.

This resolution has not had and will not have an adverse effect on the Group's business or consolidated financial condition.

Legal proceedings and regulatory investigations

The Group's business is subject to extensive supervision, and the Group is in regular contact with various regulatory authorities. The Group is continuously involved in legal proceedings, claims and regulatory investigations arising, for the most part, in the ordinary course of its business operations.

While the Group believes that it is not a party to, nor are any of its subsidiaries the subject of, any unresolved current legal proceedings, claims, litigation and investigations that will have a material adverse effect on the Group's consolidated financial condition, proceedings are inherently unpredictable, and it is possible that the outcome of any proceeding could have a material impact on results of operations in the particular reporting period in which it is resolved.

13. Fair value measurement

This note excludes financial assets and financial liabilities relating to unit-linked contracts. Table 13.1 compares the fair value with the carrying value of financial assets and financial liabilities. Certain financial instruments are not included in this table as their carrying value is a reasonable approximation of their fair value. Such instruments include cash and cash equivalents, obligations to repurchase securities, deposits made under assumed reinsurance contracts, deposits received under ceded reinsurance contracts and other financial assets and liabilities.

For details on the fair value measurement framework and sensitivities of level 3 instruments, refer to note 23 of the consolidated financial statements 2018.

For the six months ended June 30, 2019, the Group transferred USD 457 million of available-for-sale debt securities out of level 3 into level 2 and USD 39 million out of level 2 into level 3. The transfers were mainly driven by a pricing provider change for a significant portfolio of syndicated loans receiving market quotes on a regular basis as a result of orderly market transactions.

For the six months ended June 30, 2018, the Group transferred USD 288 million of available-for-sale debt securities out of level 2 into level 3. The transfers were mainly due to a review of the classification of certain non-agency ABS/ MBS and the observability of the inputs used in the valuation techniques to determine their fair value.

Non-recurring fair value measurements of assets and liabilities

Under certain circumstances, the Group may measure certain assets or liabilities at fair value on a non-recurring basis when an impairment charge is recognized.

² Unrealized gains/(losses) recognized in income for available-for-sale securities relate to impairments.

14. Segment information

The Group pursues a customer-centric strategy, where the Property & Casualty (P&C) and Life businesses are managed on a regional basis. The Group's reportable segments have been identified on the basis of the businesses operated by the Group and how these are strategically managed to offer different products and services to specific customer groups. The Group has identified 13 reportable segments in accordance with IFRS 8 'Operating Segments' and segment information is presented accordingly as follows:

- Property & Casualty regions
- ▶ Life regions
- ▶ Farmers
- ▶ Group Functions and Operations
- ► Non-Core Businesses

The Group's reportable segments comprise the following:

Property & Casualty and Life regions

- ► Europe, Middle East & Africa
- ▶ North America
- ► Asia Pacific
- ► Latin America
- ► Group Reinsurance

Property & Casualty regions provide a variety of motor, home and commercial products and services for individuals, as well as small and large businesses on both a local and global basis. Products are sold through multiple distribution channels including agents, brokers and bank distribution.

Life regions provide a comprehensive range of life and health insurance products on both an individual and a group basis, including annuities, endowment and term insurance, unit-linked and investment-oriented products, as well as full private health, supplemental health and long-term care insurance. In addition to the agent distribution channel, certain of these products are offered via bank distribution channels.

Farmers, through Farmers Group, Inc. and its subsidiaries (FGI), provides certain non-claims administrative, management, and ancillary services to the Farmers Exchanges, which are owned by their policyholders. This segment also includes all reinsurance assumed from the Farmers Exchanges by the Group. Farmers Exchanges are prominent writers of personal and small commercial lines of business in the U.S. In addition, this segment includes the activities of Farmers Life, a writer of individual life insurance business in the U.S.

Group Functions and Operations comprise the Group's Holding and Financing, Headquarter and Zurich Insurance Mobile Solutions (ZIMS) activities. Certain alternative investment positions not allocated to business operating segments are included within Holding and Financing. In addition, this segment includes operational technical governance activities relating to technology, underwriting, claims, actuarial and pricing.

Non-Core Businesses include insurance and reinsurance businesses that the Group does not consider core to its operations and that are therefore mostly managed to achieve a beneficial run-off. Non-core businesses are mainly situated in the U.S., Bermuda, and in Europe.

Aggregations and additional information

Regional Property & Casualty and Life results are further aggregated to show a total Property & Casualty and total Life business view.

- ▶ Property & Casualty total
- ▶ Life total

For additional informational purposes, the Group also discloses income statement information for Property & Casualty Commercial Insurance and Property & Casualty Retail and Other Insurance results. Other Insurance includes SME, direct market and other program business.

- ▶ Property & Casualty Commercial Insurance
- ▶ Property & Casualty Retail and Other Insurance

Business operating profit

The segment information includes the Group's internal performance measure, business operating profit (BOP). This measure is the basis on which the Group manages all of its business units. It indicates the underlying performance of the Group's business units, after non-controlling interests, by eliminating the impact of financial market volatility and other non-operational variables. BOP reflects adjustments for shareholders' taxes, net capital gains/(losses) and impairments on investments (except for certain non-insurance operations included in Non-Core Businesses, investments in hedge funds as at fair value through profit or loss, certain securities held for specific economic hedging purposes and policyholders' share of investment results for the life businesses) and non-operational foreign exchange movements. Significant items arising from special circumstances, including restructuring charges, legal matters or large one-off regulatory projects outside the ordinary course of business, gains and losses on divestment of businesses, certain business combination integration costs and impairments of goodwill are also excluded from BOP.

In 2019 the Group amended its BOP policy to exclude the monetary gains and losses resulting from the application of IAS 29 'Financial Reporting in Hyperinflationary Economies'. The policy change was implemented with prospective effect, as the impact on comparable balances was not material to the Group's financial results.

Review report of the auditors

Review report

to the Board of Directors on the unaudited consolidated financial statements of Zurich Insurance Group Ltd Zurich

Introduction

We have reviewed the unaudited consolidated financial statements of Zurich Insurance Group Ltd and its subsidiaries, which comprise the consolidated balance sheets as of June 30, 2019, and the related consolidated income statements, consolidated statements of cash flows, consolidated statements of changes in equity and notes on pages 12 to 47. The Board of Directors is responsible for the preparation and presentation of these unaudited consolidated financial statements in accordance with International Accounting Standard 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on these unaudited consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with Swiss Auditing Standard 910 and International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Swiss Auditing Standards and International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the unaudited consolidated financial statements have not been prepared, in all material respects, in accordance with International Accounting Standard 34 "Interim Financial Reporting".
